SANITISERS

PROTECT, CLEAN, SANITIZE

Each year in Australia the flu causes an estimated 1,500,000 lost work days, 300,000 doctor visits, 18,000 hospitalisations & 3,000 deaths in older people, with New Zealand not doing much better with an estimated 3,200 confirmed flu cases, 1 in 5 people will get the flu each year, resulting in about 400 deaths.

The impact these illnesses have on your company through employees calling in sick, vital work is left undone leading to costs going up & profits going down.

CAN YOUR BUSINESS AFFORD THE FLU?

The top doctors all over the world recommend frequent hand washing and the use of alcohol based sanitizers to stop the spread of germs. STOKO brings you effective, economical solutions that can protect your business and employees from infectious disease, help reduce lost time, improve productivity and return lost dollars to your bottom line.
