Tubes

Cupran® Special

- Designed to effectively clean & remove oil-based paints, lacquers, stains, adhesives, tar, enamels, sealers, coatings, primers, resins, glues and asphalt
- Contains all natural walnut shell scrubbers—remarkable skin compatibility
- A water-soluble cleaner that is the ideal replacement for those using thinners and other technical solvents to clean their hands
- Ideal for use in automotive paint & body work, and certain types of heavy assembly, metal working and silk screen printing
- Up to 1000 washes per Softbottle — making it very economical

Cupran Starter Pack

#28187124

#98187406

#55980806

#29987402

Features

Does not contain water

Is free of soap & preservatives and contains a non-aggressive scrubber

Walnut shell scrubber is environmentally friendly & has low specific gravity

Benefits

Enables effective cleaning with only small amounts of product

Has good skin compatibility, making it a much safer & effective alternative to the practice of using thinners or other solvents to remove paint and adhesives from the skin

Scrubber is easily washed away with water and will not clog up drains or pipes
