

# SQWINCHER® FAST PACK

Each individual package becomes a drinking cup, producing a handy 180ml single serving of finished drink when water is added. A great idea for anyone on the move, whether it be working, hiking, biking, backpacking, or sports. Whenever thirst is an issue, Squwincher® Fast Pack is the perfect solution to combat the severe effects that come with perspiration and dehydration.

## No mess, no mixing. Add water and enjoy!

Squwincher® is more than a mere drink. It replaces the necessary electrolytes lost during perspiration and body fatigue. Absorbed 98% faster than water alone, Squwincher's electrolyte formula protects the body by keeping it properly hydrated to keep individual's at their peak performance levels.

SQ0066 Lemon-Lime  
SQ0097 Orange  
SQ0098 Tropical Cooler

Great for mobile outdoor workers, such as contractors, councils, pipeline & rail maintenance, telecommunications, machine maintenance, forestry, marine, drivers and fire & emergency services. Ideal for use on ration packs, first aid kits and perfect for providing portion control.

-   
1 tear off the top
-   
2 fill with cool h<sub>2</sub>O
-   
3 drink & enjoy !!!
