Kresto® The Extra Heavy Duty Hand Cleaner

- Kresto® is an extra heavy duty hand cleaner which contains a biodegradable walnut shell scrubber and a safe solvent.
- It cleans extremely stubborn industrial dirt (eg. Grease oil, soot, metal dust, lacquers adhesives etc) which cannot be removed at all by products that are free of scrubbers and solvents.
- With good skin compatibility, Kresto leads in skin compatibility within its class of solvent cleaning, heavy duty industrial cleaners.
- With up to 1000 washes per Softbottle & over 600 per pump pack, Kresto® is very economical
- It's environmentally friendly, it's economical, it cleans the most stubborn industrial dirt and it won't harm your hands. Ask us for a free sample !!!

2000ml Softbottle
SVP Ultra Dispenser (Black)

#28700524
#30362
#98704506
#55980806

Features

Contains skin strengthening agent EUCORNAL®
 Walnut shell scrubber is environmentally friendly & has low specific gravity
 Contains a safe paraffinic solvent which is non toxic like other solvents (eg. Aromatics & chlorinated hydrocarbons)

Benefits

Helps to prevent skin irritation
 Scrubber is easily washed away with water and will not clog up drains or pipes
 Contains less solvent than most other solvent-containing hand cleaners on the market. So not only does it clean your hands, it's not going to damage them like other cleaners.
